Gameplay According to Gizmodo: "The game will feature new player characters designed by Resident Evil 2 developer Akira Yamaoka" and that "the game will stick to the more of, well, the more of the Resident Evil series signature gameplay, albeit in updated ways." Reception Eugene Kuzmin of GameSpot felt that "It's a great change for RE0, as the series' biggest weakness, a critical lack of overall gameplay variety, is remedied with the addition of co-op. By getting more practice fighting zombies and lesser creatures, players will be able to grow in confidence and become more efficient overall."
